FISH MARKETING SOCIETY: We understand that a Co-operative Fish Marketing Society has been established in this District on 11-4-1954. On due consideration, we feel that the auspices and the basis on which the society is started, will not benefit the fishing community. While agreeing with the principle of proper marketing facilities, we suggest that a Limited Firm be formed with shares held by the fishing public and the Govt. The administration of the firm be partly controlled and generally supervised by the Govt. We trust, this important suggestion will receive your earnest consideration.

Ref:- 1) Govt. Memo No. 69538-C.II/54-1, dated 29-5-54.
2) Govt. Memo No. 73656-C.II/54-10 dated 5-6-54.

In reply to para 1 of the Government memo cited above, I have already received proposals from the Assistant Director, (South Kanara), Mangalore in regard to certain resolutions passed by the South Kanara District Co-operative Fish Marketing Society, which are being examined. The points contained in the copy of memorandum submitted by the Board of Directors of the Co-operative Society will also be examined in conjunction with these proposals and suitable action taken.

2. With regard to the extract from the memorandum dated 22-5-54 presented to the Minister for Agriculture by the fishermen and fish curers (forwarded to me with the Government memo second cited) I submit that the matter is being referred to the Assistant Director (South Kanara) Mangalore for report. Though the suggestion to float a limited concern is a laudable one, it may not be possible for the department to start it, unless an active move is made by the intending promoters. I shall however submit my remarks after consulting the Registrar of Co-operative Societies also.

I invite a reference to the Government memorandum cited. I am not in favour of forming a limited firm for fish marketing in the South Kanara District as suggested by the memorialists. The Cooperative Fish marketing society in the District will serve the needs of the fishermen better than the new institution now proposed.

A copy of the letter from the Deputy Registrar of Cooperative Societies Mangalore in this regard is also enclosed for your information.

I submit that with a view to market fish to the best advantage of the producer, a fish marketing society for the whole district of South Kanara was started a few months back. The society was organised on a sound basis. The full impact of its potentiality will be felt when all the catches of the district are marketed through it. The vested interests seem to have no faith in it beacuse they fear that they may not have much chance to exploit the poor fishermen, it if works successfuly. There is no need at all for a Government sponsored limited firm to market fish when there is a cooperative organisation for the purpose.

Registrar of Co-operative Societies Letter No. 7308A/ 54 dated 31-7-54.

I entirely agree with the view expressed by the Registrar of Co-operative Societies in his letter second cited, that there is no need to form a limited firm for fish marketing in South Kanara, District, when there is a co-operative fish marketing society already in existence to look after the needs of the fishermen in marketing their catches.

However, it may be pointed out that this department will give all technical advice without prejudice to the public interests if a limited firm is informed on the initiative of the private individuals.

From the D.I&C Lr.No. 6409 Y.3/54 dated 30.8.1954.

To A.S.

The Fishermen and Fish Curers of Udipi Taluk in their Memorandum dated 22.5.1954, presented to M(A) have requested that a limited firm may be formed with shares held by the fishing public and the Government for marketing of fish in South Kanara District, as they feel that the Co-operative Fish Marketing Society which has been formed in the District may not be of much benefit to the fishing community.

SECOND ASSISTANT SECRETARY
15 SEP 1954
DEPARTMENT OF INDUSTRIES, LABOUR AND CO-OPERATIVE

2. The R.C.S. and the D.I&C. were requested to offer their remarks on the above suggestion. The R.C.S. has stated that he is not in favour of forming a limited firm for fish marketing in the South Kanara District, as he is of the opinion that the Co-operative Fish Marketing Society in the District will serve the needs of the fishermen better than the new institution proposed by the Fishermen and Fish Curers of Udipi Taluk.

3. The D.I&C. has agreed with the views of the R.C.S. and has stated that the Fisheries Department will however give all technical advice without prejudice to the public interests if a limited firm is formed in South Kanara District for marketing of fish, on the initiative of the private individuals.

4. This Department may agree with the D.I&C. and the petitioners may be informed accordingly. Subject to orders a draft letter is submitted below for approval.

Agriculture Dept. notes at p.1 above, and the draft letter below may be issued. ~~and the case submitted to Agri.~~ If a limited Company is formed it may not be to the advantage of the existing Irish marketing Society - Please see the report of the Dy. Regr. on p 11 c/f. It is therefore for consideration whether the concluding sentence of the draft letter may not be omitted.

With these remarks this may be returned to Agri.

17/9/54.

This Dept. may ~~suggested~~ suggest that the last sentence in the draft letter may be omitted as it may serve as an inducement for the formation of a limited company to compete with the existing Coop. society
